PERSONAL INFORMATION

Art has been my passion since childhood. I love drawing and expressing myself through creating art particularly in the realm of abstract style. Design and drawing started as a hobby for me, but it has now evolved into my specialty. It holds a significant place in my life. During my time as a student, I developed a keen interest in graphic design. In my opinion, creativity is essential in this field, and I consider it to be one of the most crucial aspects of my chosen specialty. Moreover, responsibility is crucial, just as it is in any field. Additionally, I understand the significance of being accountable and finding effective solutions to the problems I encounter. To sum up, I would like to mention that I continuously stay informed about the latest design updates so that I can offer optimal solutions to any challenges that come my way.
