WORK HISTORY

BARBER

01/2020 to 02/2024

Bom Shel | Armenia Yerevan

Barbers **cut, trim and style shorter hair**, typically on male clients but women with shorter hair can also see a barber for styling. Professional barbers are also skilled in the art of facial hair services, including shaping and styling custom looks for their clients. Barbers **shampoo, cut, and style hair, mostly for male clients**. Skilled in applying hair coloring and styling treatments and attentive when using electric and hand-held razors and scissors. Listens carefully to customer feedback. Personable and creative barber recognized for delivering clean haircuts while ensuring the health and upkeep of patrons' hairs.

COOK AND OWNER OF THE RESTAURANT

03/2013 to 12/2019

Don Ponchik | Lipets Russia

Restaurant owners **oversee the day-to-day operations of a restaurant, managing staff, resolve customer issues and work to make the establishment profitable.** Although no degree is required, restaurant owners typically have a wealth of experience in the business. I **handle the finances, run the hiring process, oversee payroll, approve menu changes, order equipment and monitor the inventory-management system. creating and managing their business plan, developing their marketing campaigns, and coming up with ways to keep the company competitive and profitable.**

Skilled at a variety of advanced food preparation techniques, food safety knowledge, and the ability to serve great food in a timely manner.

Committed to using safe and sanitary cooking practices and maintaining an organized and clean cooking area. I was responsible for preparing ingredients at an establishment that serves food, processing customer orders, producing meals and cleaning their workspace throughout the day to follow health and safety guidelines

COOK AND COOK HELPER

03/2010 to 11/2012

Japanika | Bat Yam Israel

Skilled at a variety of advanced food preparation techniques, food safety knowledge, and the ability to serve great food in a timely manner.

Committed to using safe and sanitary cooking practices and maintaining an organized and clean cooking area. I was responsible for preparing ingredients at an establishment that serves food, processing customer orders, producing meals and cleaning their workspace throughout the day to follow health and safety guidelines

BARBER

01/2005 to 12/2009

Michel | Armenia, Yerevan

Barbers shampoo, cut, and style hair, mostly for male clients. I also may fit hairpieces, provide facials, trim beards and mustaches, and offer facial and head shaving. Depending on the state in which they work, some barbers are licensed to bleach, color, and highlight hair and to offer permanent-wave services. hairstyles, cutting techniques and shaving customers. Barbers cut, trim and style shorter hair, typically on male clients but women with shorter hair can also see a barber for styling. Professional barbers are also skilled in the art of facial hair services, including shaping and styling custom looks for their clients.
